Invitation

Dear colleagues,

Welcome to ENDOSAARC22

It gives us a great pleasure to invite you to ENDOSAARC'22 at the B P Koirala Institute of Health Sciences, Dharan, Nepal on behalf of 'Borderless Doctors'. Borderless doctors is a newly formed group of Endo-Laparoscopic surgeons from all SAARC countries. The last few years saw restrictions related to the COVID pandemic; training courses, conferences evaded all of us even though multiple online seminars happened. Presently we are excited to start our in-person meeting come December 2022. Our program will not just be a great academic exercise but will also encompass a rich socio-cultural exchange between the great SAARC countries.

ENDOSAARC 2022 will take place mid December this year. The meeting will be organized at B P Koirala Institute of Health Sciences in Dharan, Nepal. It will be a one and half-day academic program to discuss and learn various endoscopic management of upper gastrointestinal and pancreato-biliary diseases. Experts from the SAARC countries will share their opinion and experiences and advise on future developments in endosurgery.

Dharan is a beautiful city located in the foothills of the Mahabharat range with altitudes ranging from 1100 feet to 2600 feet. The weather will be pleasant during that time. This city has a variety of tourist attractions and is an important destination for Hindu pilgrimages. This city is also a gateway to "the great Himalayan range".

We welcome you to Dharan. Dharan is a safe place and we are sure our hospitality will make your stay pleasant for you to enjoy this great academic feast and take back some good memories.

We look forward to see you all in the beautiful city of Dharan, Nepal.
